PAHOKEE — First shipment of local fertilizer to Cuba through the Port of Palm Beach was announced this week by William S. Plummer, president of Glades Chemical Company.

Twenty-five thousand pounds of the Glades company's chemical fertilizer went to the island by railroad car ferry of the West India Fruit & Steamship Co., Plummer said.

The pilot shipment may well open a new market in Cuba for the product, Port officials reported.

Ag. Writers Will Munch Lunch At County Barn In Glades Tour

BELLE GLADE — The Glades tour for some 100 members of the American Agricultural Writers' Association, set for next Friday, will be climaxed with a roast beef, Glades-grown luncheon at County Barn.

The site was changed from Belle Glade Country Club to the barn at a meeting this week of the Glades representatives planning the tour.

A group of pioneer Glades farmers from Belle Glade, Pahokee, South Bay, and Clewiston will be invited by Chambers of Commerce and the planning committee to attend the luncheon and meet the writers.

Philip Dulany will play a cornet solo arrangement of "Carnival of Venice," and Neely Johnson, a trombone solo. "Friends, Industries" will direct the band in "New Colonial March."

Other numbers on the program include "Wham Doodle," by the rhythm sextette composed of Jill McIlwain, Robbie Walker, Corrine Collins, Shirley Culberson, Lory Ann Rowell and Kenneth Williamson.

The band will play Henry Fillmore's latest composition, "Chimes of Iron Mountain," which he dedicated to the people of Lake Wales and Bok Tower. Frances Campbell will play the cathedral chimes featured in this number. Other numbers include "Southern Cross Overture," "Music in the Park March," "Chimes of Liberty Square Rondo," "Gobbeloes," "Tribute to Glenn Miller," "Fillmore's Triumphal March," "Star-Spangled Banner," and "Fillmore arrangement."

May 3-5 the band will participate in the state band contest at St. Petersburg. May 19-20, it will take part in the program at the two-day celebration dedicating the new Pahokee Harbor. May 24, members will be honored at the annual banquet given by the Band Parents Association.

Police Switch At South Bay
SOUTH BAY — The first change in the police force at South Bay since last fall's election came this week.

Jack White, formerly of the Lake Wales police force, was due to start work yesterday as patrolman, replacing Frank E. Cline.

White has been in law enforcement work for the past four years.

Cline, who resigned last week, has moved to Arcadia with his wife and baby, and will be associated in business with his father, friends said.

High winds have pushed thick piles of smoke from the south end of the island, so that much of the discomfort has been felt not in the Glades themselves, but along Florida's Gold Coast from Miami to Palm Beach.

Chief Guy Bender of the Everglades Fire Control District, says that two factors could put out the fires: heavy, continuous rainfall, or easterly winds which would drive the flames over already-burned off terrain.

So intense was smoke from fires along U.S. 27 south of South Bay that the Florida Highway Patrol had to close the road to traffic repeatedly throughout the week. Visibility at times was a mere 1,000 to 1,500 feet.

The high school junior-senior prom is an exciting and gala event, as universally American as the hot dog—and last Friday was the great occasion for Belle Glade and Pahokee students.

That it was Friday the 13th didn't seem to bother anybody. For many of the boys, the prom meant their first formal suit-tuxedos—and the girls, it was the time for quite the most beautiful gowns of their young lives.

An oriental garden was the motif for the annual Belle Glade junior-senior prom, preceded by a banquet at the old auditorium. Guests were introduced by Principal F. O. Hobson and Roy Litchfield gave the invocation. Speakers were Dan Jones, Louis Friedheim, Leo James, Buddy Weaver, Eleanor Kelling, Harris Francis, and Dr. Leonard, president of Palm Beach Junior College.

The class song was sung by Carolyn Earwood.

The Rhythm Regues of West Palm Beach played for dancing, and the group song was led by Leo James and Frances Sloan. During the evening, the girls' trio, composed of Alma Ann McClure, Jo Margaret Parson, and Glenda Dell sang. Oherentertainment was provided by Martha Bred in a ballet solo and by the boys' quartet composed of Charles Schoenfeld, B. Braddock, Charles Wack, and Dan Jones. After the prom, the Rotary Club sponsored a midnight show at the Hugo Theatre followed by breakfast at the Country Club.

The Pahokee juniors entertained the seniors of the high school starting with a banquet at the Elks' club. The theme, "April in Paris," was carried out with appropriate decorations.

Principal C. A. Canipe gave the invocation, Rosalie Hitchcock followed with a toast to (Continued On Page 8)

FFA Sub-District Meeting Is Today

FFA members from Glades sub-district chapters in Belle Glade, Clewiston, Moore Haven, LaBelle and Fort Myers are meeting with the host Pahokee FFA today, according to Loren E. O'Neal, Jr., Pahokee high school agriculture instructor.

At 9 a.m., Principal Clyde A. Canipe was to extend an official welcome to the boys. Sweethearts from each of the chapters will compete for the sub-district crown, after which the boys will compete in a livestock judging contest.

The afternoon will be spent in a tractor-driving contest, and a 2 o'clock softball game, which will be held at City Park.

All chapters will be represented by the high school except the tractor driving contest, and a 2 o'clock softball game, which will be held at City Park.

Beauty Contest Being Planned
PAHOKEE — Plans for the May 19-20 dedication of Pahokee Harbor, one of the biggest celebrations in the city's history, were given added impetus this week with the announcement that a beauty contest named "Miss Pahokee Harbor of 1956" will be a highlight of two-day extravaganza.

The beauty contest, sponsored by the Junior Chamber of Commerce, will be the first large-scale one held in Pahokee since 1933, when Donna Gail Jensen was crowned queen.

Single teenage misses residing in the area will be eligible for the contest, according to Charles "Sonny" Brown, Jaycee chairman of the contest. They may enter the contest by calling him at Pahokee 525 or 7324. Deadline for entries is May 12, with no entry fee.

Political Pot Perking Positively As Candidates Emerge For May

PAHOKEE — The hottest local political push in four years was on its way here this week, with four candidates for City Council and a second candidate for the City Clerk's post qualifying.

As of yesterday, four candidates are running for Mayor, four for three positions on Council, two for City Clerk and two for police chief.

In Group 1 Council, the post now held by James H. Wilkins, Jr., Ed Carver and Edgar Wilder qualified this week. In Group 2, John Hatton has qualified for the post now held by R. B. Simmons. City Clerk Dorothy Graham reported that Gil Gabaldon, former councilman, filed yesterday for Group 3, now held by Loren Medeth. Earlier, a petition was filed and qualified by friends for Leonard Drobrow, who then withdrew.

Earl Pitts qualified for candidacy for City Clerk, in opposition to Mrs. Graham. Candidates thus far in the race for mayor, to succeed Lewis Friend, who has declined to run again, are George H. Tucker, Jr., F. S. Parrish, Carmen Salvatore, and Billy Stuckey. George Johnson is opposing Police Chief Leon Guthrie.

Of the newly-qualified candidates: Pitts, a resident of Pahokee for 23 years, has been in Palm Beach Post-Times representative for the Glades area for past 10 years. He is a high school graduate, and has had two years' bookkeeping experience locally. Married and the father of two children, Pitts is secretary-treasurer of the Nazarene Church, and secretary-treasurer of the Woodmen of the World. He said on filing, "I selected, I will diligently and faithfully apply myself to the present and future interests of the City of Pahokee."

E. LINDROSE QUILTS RACE IN COUNTY

BELLE GLADE — An organization which did not materialize yesterday brought the withdrawal of Earl A. "Spider" Lindrose from the County Commission District 5 race.

Lindrose, who filed for the candidacy 30 minutes before the noon deadline on Mar. 20, said yesterday in announcing his withdrawal:

"This has been my decision for the simple reason that my organization which was contemplated did not materialize."

He said he had been thinking about withdrawing for the past two weeks, and informed Clerk of the Circuit Court A. Alex Arnette of his decision yesterday afternoon.

Lindrose said he was not withdrawing in favor of any other candidate.

"I want to thank my many supporters in Palm Beach County," he said.

His withdrawal leaves as candidates Randolph Livingston, of Belle Glade, and the newly arrived J. J. Jones, of Canal Point, who has held the job for 12 years.

VALUATIONS ON PROPERTY SET

PAHOKEE — Property owners, who have been anxiously awaiting the outcome of the citywide appraisal being made during the past few months by the Glades Livestock Market, will get a look at the completed valuations next week.

Sam Cook, Hunnicutt representative in charge of the local property appraisal, said that all property owners are urged to be well-informed as to the valuations set next Tuesday or Wednesday.

Figures will be available at that time, he said. Hours on the property will be 9 a.m. to 5 p.m., when property holders may check on the new valuations as completed.

Of the two-day Hunnicutt "open house" is for a check only, Cook said, and there will be no informal valuations on the valuations' effect on the tax structure or rate or other allied details.

New Elks Officers Take Over Duties

PAHOKEE — New officers presided over Pahokee Elks Lodge 1638 ritual for the first time at the formal order's meeting last week.

The 1956-57 Elks' hierarchy includes George H. Tucker, Jr., exalted ruler; William S. Plummer, esteemed leading knight; John Hatton, esteemed loyal knight; J. S. Barwick, esteemed secretary; Charles H. Rice, treasurer.

Carl E. Waits, esquire; W. K. Aldridge, inner guard; G. C. Gabaldon, tiler; William M. Weathers, chaplain; Robert O. Lampi, organist; and Leon Spooner, trustee.

The new officers were formally installed on April 5.

Many fires which had been dormant were re-lit by high winds during the week, and a new sawgrass fire threatening 25,000 acres broke out south of Lake Harbor and west of the Miami Canal.

With an unfavorable shift of wind, Glades residents may feel the smoke haze in days to come, local heavily traveled highway, 80 and 441 may have to be closed to traffic periodically, Bender said.

Everytime we hear of some Midwestern Congressman taking off on "special interest" groups pressuring the government, we laugh heartily. If there ever was a special interest bloc, it's the farmers of the Midwest, who have grown pretty fond of their government subsidies. It is a pleasure to see the president of the United States slap a veto on that "special interest" farm bill.

We note that the Russian Sunshine Boys are thinking of visiting the U. S., now that they have goodwill in England, India, and other portions of the world. Hope we don't fall for that one. One of those "goodwill" trips by the Russian band would be the international version of the large party attended reluctantly by a lot of people the hostess didn't want to invite in the first place.

Vic Geiger and L. C. Korner have reported dead fish floating in at least one smoke-swept canal in the area, apparently victims of lack of oxygen from our muck fish "smog". As far as we can tell, everybody is wishing for more rain — fish as well as smoke-affected residents and the weary firefighters of the Everglades Fire Control District.

INCOME TAX TROUBLE. We were bragging the other morning to a friend about how we had just mailed our income tax—several days before the deadline. In the midst of a sentence it dawned on us that we hadn't signed it. We called the post office with tears in our voice—and much to our surprise they said that maybe they could find it. We described our press bureau envelope and they started looking.

An hour later they called back to say they had found it and we could have it back if we would drop by, identify ourselves, and sign a form or two. A few questions brought out the fact that we had committed the mistake that heads all others in filing tax. The second on the list of mistakes? Failure to put enough postage on the letter.

HERE TO BACK ROAD BILL: Wilbur Jones, chairman

of the State Road Department, likes the proposed road bill. He was guest last week of a Congressional delegation luncheon where he gave the official State of Florida view of the bill.

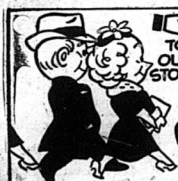

Jones says the huge road building program would (1) help Florida's tourist industry, (2) improve transportation northward for Florida fruits and vegetables, (3) Construction spending would help business throughout the state, (4) Give Florida, at last, a fair share of the taxes which we pay to the federal government.

With Jones was Ralph Davis, executive director of the department. Davis, former administrative assistant to Senator Holland, was on familiar ground. Davis was welcomed warmly by my many friends here. "It's good to be back in Washington," he said, "but only for a few days. I like Tallahassee best."

ROADS SALTIER THAN WHAT'S ON TABLE
Americans use more salt on icy roads than on their dinner tables according to the research department of the Florida Farm Bureau.

The Bureau says that the U.S. uses more than 20 million tons of salt annually; that chemical industry uses about three-fourths of the total; that 5% goes on icy roads and that less than 3% on the dinner table.

I have just finished a short course in astronomy. It gives me a real starry-eyed look.

A letter from Fairbanks, Alaska, started it all. Our Mrs. Rozelle, functioning in her capacity as the circulation department (every Tuesday and Thursday) had sent a letter off to this subscriber in Alaska, reminding him that his subscription was due (for \$4) and he'd really meant her to continue to send his paper airmail at an extra 12 cents a week.

By return (airmail) came his reply—and that's how I got into astronomy. Said his letter, with a check for the full amount enclosed, "Please send via airmail. As far as I know yours is the only paper with a column to 'Canis' Edited by 'Sirius.' We look forward to it."

At first I seethed. What could this man be talking about? Who is this "Canis"? And what is this "Sirius" accusation? Say, what paper is the guy reading? ? ? ? ?

Calming myself with a stiff chew of the porch rug, I ruminated. And starlight dawned. Sure enough: "Canis" is, according to my old friend Mr. Webster, the chief genus of the dog family. And in the sky are two constellations—Canis Major and Canis Minor. Major contains Sirius, the "dog star"—THE BRIGHTEST STAR IN THE HEAVENS.

Heavens! That's Mr. Webster talking, not I. And I blush modestly, though it's hard to see through my greying muzzle.

What made it even better was that his letter came on a day when I had been bawled out for getting underfoot, reprimanded for complaining at the lateness of my breakfast, and spanked for stubbornly refusing to move from my place at the front door.

Oh Mr. Mack Parker, wherever in Fairbanks, Alaska you are, thank you for being a reader—not just a subscriber. Your nice letter was really patting on the dog.

Farmers' Gas Tax Benefit Becomes Law This Month

Farmers will be able to obtain a refund of the federal excise tax on gasoline which is used on a farm for farming purposes under the law approved by President Eisenhower on Apr. 2.

The present federal tax rate is two cents a gallon. Commissioner of Internal Revenue Russell C. Harrington announced that under the new law the first refund payments will be made after June 30 with respect to gasoline purchased and used during the first six months of 1956. Thereafter, refunds will be made for a one-year period from July 1 to June 30.

To get this refund, a farmer will have to file his claim after June 30 and before Oct. 1. Claims are to be made on Form 2140 and are to be filed with the United States District Director of Internal Revenue for the farmer's district. The form will be available after July 1 at Internal Revenue offices, county agricultural agents and many banks and post offices.

Refunds will be limited to the Federal tax on gasoline which is used by a farmer for farming purposes, in carrying on a trade or business, or a farm located in the United States. A farmer may also request a refund of the tax on any gasoline which is used on his farm by a custom operator or a neighbor in connection with cultivating the soil or raising or harvesting any agricultural or horticultural commodity.

In general, the new law provides that gasoline shall be treated as used for farming purposes if it is used in connection with cultivating the soil, or raising or harvesting any agricultural or horticultural commodity, including the raising of livestock and poultry.

Refunds of tax are allowed on gasoline used off the farm, such as gasoline used on public roads or highways in transporting family members or workmen, equipment, livestock, crops, feed, etc. Also, no refunds are allowed for tax on gasoline used in processing, packaging, freezing, or canning operations.

Farmers who expect to file claims should keep sufficient records to enable the Internal Revenue Service to verify the accuracy of the amount claimed.

Commissioner Harrington said that regulations relating to the new law will be issued as soon as possible.

Our high school correspondent says that Economics and Geography students are going in for "grass roots" studying. They're going to charter buses and take off on Operation See-For-Yourself—have a ten-day look at some of the things they've been studying about. As a reminder, it was hard to keep your mind on schoolbooks at this time of year. Today's kids can give in to that old urge to bust out of the classroom—with a clear conscience. Wish they'd take me along.

PRENATAL CARE

A sound healthy baby is the desire of all parents but many overlook the basic and important need for prenatal care. As soon as pregnancy is suspected, a physician should be consulted. This is the first prerequisite of good prenatal care. In most cases the physician is able to make diagnosis of pregnancy early that is, within the first four to eight weeks of the baby's development. Should the need arise, there are certain laboratory facilities to aid him in his diagnosis even earlier.

During the first visit the physician usually explains to the prospective mother the changes taking place within her body and advises her on the necessary care she must give herself. She is also told the signs and symptoms of possible complications that may occur should the instructions be ignored.

The initial visit also helps to instill confidence in the physician who is to govern a good part of her life and habits for the usual total of 40 weeks.

Emotional upsets are often a part of the pattern of pregnancy and it is the physician who stands by to help the mother into an understanding of herself. Expectant mothers have fears, many handed down through the years. Of this type, the most common is concerned with causing birthmarks on the newborn. One of the most frequent fears is that of congenital deformities. Actually the incidence of major congenital deformities is so small that the fear is unwarranted. The mother should discuss these problems with her physician as they arise because only he will be able to provide her peace of mind.

The more occupied an expectant mother is, the happier she will be. Her activities may be regulated by her physician if necessary but under normal conditions she can keep busy preparing for the future event by continuing daily routines, knitting or sewing, shopping, by walks, reading or other enjoyable activities.

The club has repaired the sliding ramp, which is expected to be put back in the harbor this weekend, and is having warning signs made for the harbor.

TAXPAYER'S MONEY

Every four years about this time the politicians start scurrying around the county, "shakin' the bushes" as they so quaintly put it—seeking votes. They burn up a lot of gasoline. They put up a lot of sign.

It seems hardly fair for an incumbent in office to send his hired help out through the countryside, "shakin' the bushes" for his boss, using up gasoline purchased with the county taxpayers' money.

Some people in the county, complaining of this procedure suggested that the "stickers" of the incumbent's opponents be also stuck on the fore and aft bumpers of the county cars as well as the boss' "strip" but the thought occurs to us that the taxpayers wouldn't approve of making of the county cars "rolling bill boards," burning up taxpayers' money.

Use of official vehicles for political campaigns is unfair to taxpayers, says Hugh Brown, candidate for Palm Beach County Sheriff. Brown pledges to always do his own campaigning; at his own expense and without the use of official vehicles or office personnel. Palm Beach County taxpayers are entitled to every service for which official vehicles and personnel are used—this does not include taking official cars and office deputies to haul campaign material and "shake the bushes" for the boss.

If you believe in fair play for the taxpayers, then...
